

**Enrollment and Participation Form for Team Roadrunners Cycling Club of Lima, Ohio**

teamroadrunners.org ~~~ teamroadrunners.org@gmail.com

Team Roadrunners is a Lima, Ohio cycling club engaged in promoting all forms of cycling for our members and surrounding communities by organizing scheduled rides, events and educational/advocacy out-reaches. We are a non-profit volunteer based organization. Our club offers paid membership opportunities to help sustain the club and cycling in the greater Lima area. We work with area government, agencies and businesses to further cycling participation. We invite and hope that you will join us in our cycling related activities. Our club is open to anyone regardless of age, race, gender, ability or any other discriminatory category.

**Team Roadrunners promotes and follows all Ohio Bicycling laws along with safe practices that promote cycling for all of our rides and activities. A helmet is always required for all bicycle riding.**

*We encourage our members to at least plan for the following minimum participation: 2 club rides per month, attend 2 general meetings per year and volunteer some amount of time to assist in our community cycling volunteer efforts.*

Although we realize most of our activities occur on open and public roads and pathways, we would ask that you please take a moment and read the following release of liability of Team Roadrunners including its organization, directors, members and volunteers.

**Liability Release:**

*By signing the following release, I (we) agree to not hold Team Roadrunners or its directors, volunteers or members (inclusive "the club") liable for any and all loss or damage whether it be physical injury, property social or mental in nature. I realize that cycling is a physical activity and can lead to accidental damage including potential property damage and injury up to and including death. My signature also releases the club of any liability due my relatives, heirs or any other individuals on my behalf. Although I realize the club promotes cycling laws and safe riding, my ultimate safety is always my responsibility. I will abandon any activity where I feel in jeopardy or peril. When signing for a minor, I am also agreeing to waive the right of litigation towards the club for any accidental damage my minor aged (under 18) participant might endure while participating with the club as their parent/guardian. I (we) also vow that I (we) am (are) in adequate physical and mental health to participate in cycling related activities when I (we) engage in riding activities.*

Please print legibly so that we may record your information correctly for future contact. Thank you!

Your name and contact may be given only to other club members in an effort to connect local cyclists unless you request privacy. Contact information will not be distributed on a public website or other media. We respect and value our members. Notify us if you do not wish distribution.

Activity Survey for Family/Individual (name): \_\_\_\_\_ Year: \_\_\_\_\_

Please complete this survey to aid our scheduling in providing rides that our members desire. It will further our insight into scheduling great group rides! Be honest about your expected participation so we do not schedule events that no one will actually attend. This is a survey of what you will ride, not what you think is a good idea or hope others will participate in.

Please note that we encourage all of our riders to participate in as many different rides as they are able. Although we cannot force it, we suggest that faster and experienced riders consider occasionally attending shorter and/or more casual paced rides to aid in the growth and knowledge of all our cycling members, including youth. This will also create a more inviting and social environment to grow cycling participation in our area. If you want to ride additional miles or at a higher speed, consider riding on your own before or after a scheduled club ride.
